## Royal Family of the Annual Bobcat Homecoming

THESE LOVELY ladies served in the royal Homecoming party recently when Hope played Hot Springs. They are, sitting Mary Ann Hall and Judy McDowell. Back row, left to right, left to right, Charlotte Brown, Sheila Foster, Queen Jan Robison, Bevelyn Ball, Sandra Hobbs, Caroline Cox, Ann Brown, Sara Ellis, Genevieve Cash, Sue Houston and Carolyn Strong.

DEER SEASON got underway today and four killed were pictured this morning being butchered by Willie Jackson at Hope Locker Plant. The deer in the picture were killed by Scrub Mosier, Charles Graham, Fred Fuller and Fred Glanton. Other kills were made also by the Huckabee brothers, each getting one, and B. J. Brown.

## No Word as Ike Completes Physical Exam

WASHINGTON (AP)—President Eisenhower checked out of Walter Reed Army Hospital today after an overnight stay, for a head-to-toe physical examination. He still reportedly was feeling fine.

There was an immediate word regarding the doctor's findings. James C. Hagerty, White House press secretary, said a medical report would be made public later.

BY MAYVIN L. ARROWSMITH  
WASHINGTON (AP)—President Eisenhower gets a doctor's report today on the state of his health a year after election to a second term.

The President—who has called it a year of constant dealing with crises—entered Walter Reed Army Hospital yesterday afternoon for his first head-to-toe physical examination in a bit more than 12 months.

The White House called the examination routine an annual precaution. Eisenhower arranged to check out his third-floor hospital suite before nightfall. The substance of the report he receives from his physicians probably will be made public.

This is the first time since the President's heart attack in September 1955 that anywhere near as much as a year has elapsed between his full-scale medical checkups. He had three last year, and his last complete examination was Oct. 27-28, 1956. The doctors reported then he gave "ever apparent evidence of being in excellent health."

## Pakistans Have Fine Way to Test a Bridegroom

By HAL BOYLE

NEW YORK (AP)—Things a communist might never learn if he didn't open his mail, his mind or his ears.

That some Pakistani villagers have an odd way of testing a bridegroom. He is hauled before relatives of the bride who insult him with every abusive term that they can call him. The theory: If he can survive the vocabulary of his new in-laws, he can put up with anything from his bride.

That during the next year out of 1,000 people, 320 will be sick once, 140 twice, 50 three times, 20 four or more times and 470 won't get sick at all—or if they do they won't brag about it.

That British playwright John Osborne, explosive young author of "Look Back in Anger," has this to say about one characteristic of his native land: "The stiff upper lip is a physical deformity." But there are also times when it has been a welcome international bearing.

That Kate Smith still visits the grave of her dog, Freddie, in Hartsdale Cemetery, at least once a year. The cocker spaniel died five years ago.

That Americans bought an average of 2.15 pairs of shoes each last year. But I'll bet women and children swell the average, most men I know don't buy more than two pairs.

That there is a small dishwash-

## Critical NATO Report to Be Challenged

PARIS (AP)—American and British members of a NATO parliamentary committee today are expected to challenge charges by a study group that the alliance's ground forces are disintegrating and atomic weapons are being overemphasized.

Neither U.S. nor British representatives were consulted by the Belgian and Dutch officials who drew up the critical report. The target nations were certain to offer a rebuttal.

The report was presented by Arthur Gilson of Belgium, chairman last year of the NATO Parliamentary Assembly's Military Committee, and Lt. Gen. Michael Rudolph Hendrick Calmeyer of the Netherlands.

They had sharp words for NATO's supreme headquarters, under the command of U. S. Gen. Lauris Norstad.

The report went to the 15-nation Military Committee, scheduled to meet here today. The committee's parent body, the Parliamentary Assembly, is the Atlantic Alliance's chief civilian advisory group.

Gilson and Calmeyer, instructed a year ago to draw up the report, declared: "The Soviet military threat cannot be met simply by means of atomic bombs."

The two experts called for renewed emphasis on conventional defense forces, a "common defense plan, an equitable division of the common effort and subsequently a common defense budget."

## Police Probe Fight, Break-in, Wreck

Hope City Police reported a break-in, a wreck and a knifing over the weekend.

Augusta Williams, Negro, was charged with disturbing the peace following an altercation on South Hazel in which he was severely cut about the head and body.

Friday night Hall's Store on N. Hazel was entered through a rear window and a gun and some cigarettes were missing.

At 14 and Main Street fender, grill, bumper damage, resulted in a collision of autos driven by Harold Wright and Joseph Stuart. Officers charged Wright with speeding following the accident.

## Two Die in Texarkana Lake Accident

TEXARKANA (UP)—A 45-year-old Cotton Belt locomotive engineer and his wife died of exposure on Lake Texarkana yesterday morning when their boat overturned dumping them into the chilly water.

The victims were identified as Leonard Jewell Tanton and his wife, Rosie Bell Tanton, 42, of Texarkana.

Tanton's body was found on the shore of the lake at the Texarkana Dam about 7 o'clock. Chief Deputy Sheriff Bill Dale said Tanton apparently was alive when a fisherman found him but he died before an ambulance arrived.

His wife's body was found floating about a mile away in a life preserver. Police at first thought she had drowned, but Justice of the Peace W. G. Sorsby later ruled both had died of exposure.

The boat which the couple had used Saturday night for fishing was found floating on the lake upside down. There were apparently no witnesses to the accident.

Dale said Mrs. Tanton drifted with the current while her husband swam against it and reached shore just before he died.

The couple has two sons, Robert Tanton of Little Rock, and Jerry Tanton of Pittsburgh, Tex. A double funeral will be held tomorrow morning.

## VFW Auxiliary Helps Prepare Seal Drive

In preparation for the annual Christmas Seal Sale by the County Tuberculosis Association, members of the VFW Auxiliary at its regular meeting, November 6, completed the seals for mailing.

This task has previously been done at the state TB Association, but the Auxiliary volunteered to do this service in order to save the TB Association funds for its work in Hempstead County.

In three hours the work was completed by Mrs. John Keck, president of the Auxiliary, Mrs. Hinton Davis, Mrs. O. S. Lloyd, Mrs. Claude Byrd, Mrs. Dorsett, Mrs. Henry Fenwick, and Mrs. Harry Phillips.

The sale of Christmas seals began in 1907. A few doctors in Wilmington, Delaware, ran out of money while trying to cure eight charity patients sick with TB.

Emily Bissell, a cousin of one of the doctors, had read of Elmer Hobbsell, a Danish postmaster who, three years earlier, had originated the idea of selling a Christmas stamp to help some sick children. If Denmark could open its heart to help, would not America, with its proved record of faith and generosity, help these eight patients?

America could and did. Instead of the \$300 she expected Emily Bissell raised \$3,000.

And so it has gone ever since. From this small beginning in 1907 has emerged the organized fight against TB today, supported by the millions of people who buy Christmas Seals bearing the emblem of the double-barred cross.

## Faubus Would Head Third Party as a Candidate

NEW ORLEANS (AP)—Gov. Orval Faubus of Arkansas today said he would not rule out the possibility of heading a third party as presidential candidate.

"But it would not be a party based on the segregation-integration issue," said the governor. "It would be based on states rights."

The governor made the remark while talking to a small group of spinners and a newsmen before he was to address a Veterans Day meeting here sponsored by the American Legion.

The governor had said he was receiving support from states all over the nation, including the north.

"I never asked to become what I am now. But sometimes you become a child of fortune or circumstance," said the governor.

The governor was then asked: "Since you have received support from outside Arkansas and have become a child of fortune, is there any likelihood of your heading a third party as its presidential candidate?"

"I would not rule out that possibility," Faubus said.

## Methodists Plan Loyalty Dinner Here

Dr. J. K. Shamblin

A Churchwide Loyalty Dinner will be observed Thursday night, November 14, by families of the First Methodist Church, Hope.

Families will assemble in the Church Sanctuary at 6 o'clock for group singing to be led by Elmer Brown. Following this activity, the families will adjourn to meet in the Century Bible Classroom of the Church for the Loyalty Dinner to begin at 8:30 p. m.

Invocation will be given by Dr. R. B. Moore, District Superintendent. Sammy Strong, young son of Mr. and Mrs. Sam Strong, will present several songs to the group.

The main address of the evening will be delivered by Dr. J. Kenneth Shamblin, Pastor of the Pulaski Heights Methodist Church, Little Rock.

All members of the First Methodist Church, Hope, are urged to attend this Loyalty Dinner and stay for the program which follows.

## 30 Workers Attend 'Army' Breakfast

The annual Salvation Army drive got underway officially here this morning with some 30 workers attending a "kick-off" breakfast at Hotel Barlow.

Captain Sidney S. Lynch, divisional public relations director of New Orleans, thanked the Hope committee and local citizens for their response to the appeal for aid to Cameron, La. The \$600 gift from Hope was among the first to be received in the Cameron disaster.

Capt. Lynch mentioned the recent truck accident at Alexandria, La., which struck at 9:20 a. m. The Salvation Army was on duty by 11:30 a. m. in Alexandria, setting up two canteens and two station wagon patrols of the 10 block area. Some 35 families were housed in the Salvation Army building.

"The Salvation Army officer is dedicated to the unexpected," said Capt. Lynch. In Arkansas and Louisiana we have almost 100 cities organized and ready to grant emergency assistance to the police and fire station, and it is the first to be installed in an ambulance in this area.

A luncheon report meeting will be held Thursday at 12 noon for the business solicitation workers.

## Hope Fades for Rescue of 44 Missing on Big Pan American Airliner

### Apparently Dog in Satellite Is Now Dead

By FRED S. HOFFMAN

WASHINGTON (AP)—Death reportedly has claimed the Russian dog Laika, first earth creature to penetrate outer space.

The report of Laika's death was published today by the Italian Communist newspaper L'Unita, quoting its Moscow correspondent. It said Laika was "put to sleep by the last bite of food to avoid its suffering prolonged agony."

The headline said "Laika Is Dead," although the story did not use those words. It said "Laika will never return."

An early edition of the Rome newspaper quoted what it said was an official Moscow announcement of the dog's death. But the final edition did not mention an official announcement.

There was no direct word from Moscow on Laika's fate, but the Soviet news agency Tass said last night that "the program of scientific research as planned through the second Sputnik has been fulfilled completely."

Later, Moscow radio reported Sputnik II had completed its 10th circuit of the earth, but made no mention of Laika.

Russia's second space satellite was launched tonight by the Soviet Union, carrying the fluffy little Russian dog in a harness inside. For the first four days, the Russians reported getting radioed information on Laika's bodily reactions as the half-ton Sputnik sped around the earth at altitudes running up to

## Miss McCorkle 4-H Club Girl Champion

Claudia McCorkle

Miss Claudia McCorkle, daughter of Mr. and Mrs. Hollis McCorkle, Route 3, Hope, has been selected County Champion 4-H Club girl and will represent Hempstead County at the State 4-H Club Congress in Little Rock, November 29th and 30th.

Miss McCorkle was selected County Champion because of her outstanding work and leadership in 4-H Club work. She has been a 4-H member for the past seven years and has completed projects in Foods and Nutrition, Clothing, Better Methods Electric, Personality Improvement and Management. She attended the State 4-H Club week at Fayetteville, in 1955 and in 1957. Last year she represented Hempstead County in the State Dress Revue modeling a best dress costume.

Miss McCorkle is President of the Hempstead County Council of 4-H Clubs and a member of the Victory Community 4-H Club. She is a senior at Hope High School.

## Nation in Tribute to War Dead

WASHINGTON (AP)—The nation's Unknown Soldier, whose next year three unknowns "roin as many conflicts will lie.

Gov. Joe Foss of South Dakota, a Marine flying ace in World War I and an Air Force officer during the Korean conflict, was the principal speaker for Veterans Day ceremonies timed to mark the anniversary of the armistice which ended World War I.

When next Veterans Day comes there will be three Unknown Soldiers—symbols of all the unknowns who died in two world wars and Korea. The Unknowns of World War I and Korea will be placed in crypts at the Tomb on Memorial Day, May 30, 1958.

President Eisenhower's staff secretary, Brig. Gen. Andrew J. Goodpaster, was named by the chief executive to represent him in laying a wreath at the tomb in Arlington National Cemetery.

The Disabled American Veterans was host organization at today's ceremonies.

## Flares Reported Apparently Shooting Stars

HONOLULU (AP)—Hope of rescuing any of the 44 persons missing since Friday night on a vanished Pan American stratoscruiser in the Pacific virtually flickered out today.

"Three flares sighted last night were probably 'shooting stars' or from other search aircraft," a Coast Guard spokesman said. "They were flight flares and that's always kind of doubtful" as a distress signal.

Investigation of the flares continued after daybreak as part of a gigantic search operation covering 172,440 square miles of the ocean.

But no trace of the missing plane, "Romance of the Skies," had been found at daylight today, more than 24 days after last word from the huge Flying Clipper.

Additional search aircraft flew out from Oahu Island at daylight to join the Pacific's greatest, air-sea rescue mission planes, helicopters, submarines, the aircraft carrier Philippine Sea and a small fleet of Coast Guard vessels searched the ocean's swells for traces of the plane after a series of possible clues faded out.

The destroyer escort "Epperson" had been ordered to investigate the flares sighted last night.

Long-range radar-equipped Navy ships reported seeing two "flares" at different points — one 640 miles west of the plane's position when it radioed routinely Friday night before disappearing. The second was slightly west of the first.

An Air Force plane sighted a third flare some 340 miles west of the Pan American airliner's last reported position. It was described as white.

Surface craft criss-crossed the search area, now broken into two rectangular areas under the new pattern. One is 400 miles long and 115 miles long and 172 miles wide.

Both straddle the path the lost plane was navigating.

Earlier, hope had flickered and faded with a report of the sighting of a yellow dye marker, "a flare and something red" at a spot 25 miles west of the airliner's last position.

Hours elapsed before two ships reported that nothing could be found at that spot. A Coast Guard spokesman said re-evaluation of the sighting of a yellow dye marker, "a flare and something red" at a spot 425 miles west of the airliner's last position.

Hours elapsed before two ships reported that nothing could be found at that spot. A Coast Guard spokesman said re-evaluation of the sighting—reported by a lone airman—indicated it could have been a school of whales instead of a marker, or possibly other fish.

Another hopeful report—that of an oil slick—was being thoroughly checked by surface craft.

The airliner—Romance of the Skies—carried 35 passengers and a crew of eight from San Francisco toward Honolulu. At 5:04 a.m. Friday it routinely radioed its position 1,028 miles east of Honolulu. The pilot was supposed to make another routine report at 6 p.m. He didn't. The plane abruptly, and silently, disappeared.

That set off the biggest peacetime search in the Pacific. And it prompted speculation—but described as "pure speculation"—that something sudden and terrifying had happened, an American official refused to speculate. They said emphatically that nobody

## New Mercury to Be Shown Here Tuesday

With a big new "Super Mercury" series called the "Park Lane" and major styling and engineering changes in its full line of cars, Mercury for 1958 will blanket the whole medium price market with a total of 20 models.

The new Mercury will be shown to the public Tuesday at the Trading Post.

The new Park Lane, with three models, is the biggest and most luxurious Mercury ever built. It has a wheelbase of 125 inches and it is 220.2 inches long—nine inches longer than the 1957 Mercury.

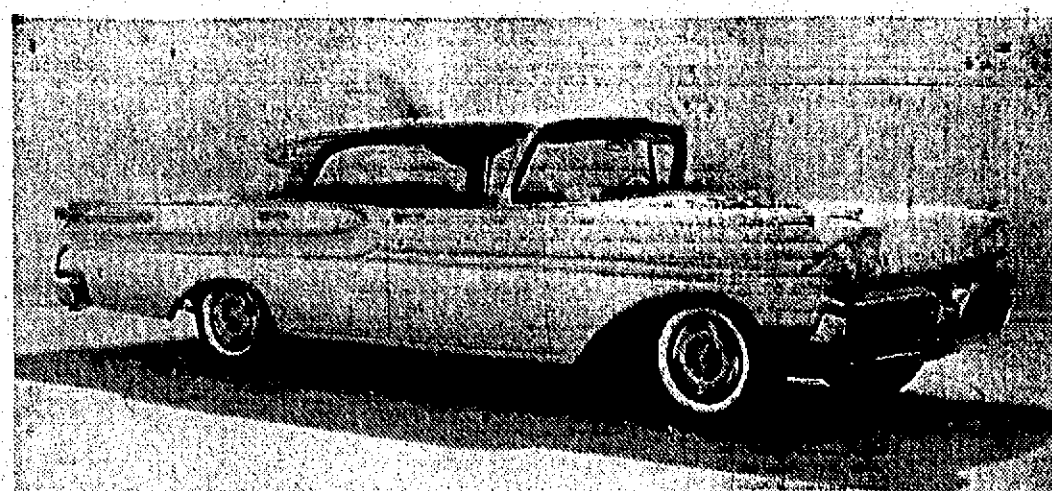

"By extending our car line into the upper-medium price bracket, Mercury for 1958 offers a big car with matching power and performance throughout the entire range of the medium price field," said James J. Nance, general manager of Lincoln and Mercury Division and vice president of Ford Motor Company.

Matchless performance throughout the entire driving range is provided in a series of four new Mercury Marauder overhead valve V-8 engines with horsepower ranging

from 312 to 400. These new engines feature such unique engineering concepts as water-jacketed intake manifold and combustion chambers in the engine block rather than in the cylinder head.

Full air cushion suspension, which improves the ride considerably, by greatly reducing pitch and other road and driving disturbances, is optional. This suspension uses air as a springing medium instead of steel, and it maintains the height of the car at a constant level regardless of number of passengers.

The proper present to give your wife on your first wedding anniversary should be of paper or iron, so tradition says.

The biggest and most luxurious Mercury ever built—the new Park Lane series—was designed to appeal to the more discriminating buyers in the upper-medium price bracket. Striking styling features and big car size—220.2 inches long and 125-inch wheelbase—distinguish the Park Lane. Mercury will offer 20 models for 1958. The Park Lane series includes a convertible, a phaeton coupe and a phaeton sedan, pictured here.

# Four Teams Can Wrap Up Bowl Bids Saturday

By ED CORRIGAN

Of The Associated Press

The college football season

reaches its most frenzied pitch next

Saturday when no fewer than four

teams can wrap up bowl bids.

Texas A&M, Ohio State, Duke

and Oregon, could join Oklahoma,

which has cemented its berth in the

Orange Bowl and "relax" its

national television audience.

The Sooners who beat Missouri

34-14 last Saturday will be heavily

favored against the Irish, Notre

Dame, showing the effects of a

murderous schedule, dropped a

34-6 decision to Michigan State.

As for the bowl situation here

is how it shapes up:

Rose — Ohio State is the Big Ten

favorite. The Buckeyes and de-

fending champion Iowa go at it

this week and an Ohio State vic-

tory would end it. Iowa is ineli-

gible. Michigan State is the only

other team with a chance. The

Spartans have to beat Minnesota

Saturday and hope Ohio State

loses its last two games.

On the other end Oregon de-

spite a staggering 13-0 loss to

Washington last week still is in

the most favorable position in the

Pacific Coast Conference. The

Ducks need only one more vic-

tory to clinch a tie for the cham-

ionship and their opponent this

week, Southern California, has

won just one game.

Cotton — Texas A&M No. 1 team

in the weekly Associated Press

poll has only Rice standing in its

way. Rice although it scored a

13-7 upset over Arkansas Saturday

doesn't appear ready to cope with

Bear Bryant's men.

The second team in the Cotton

Bowl usually is the second-place

outfit in the Southeastern con-

ference. Last year however, Syra-

cuse was plucked.

Sugar — The Southeastern Con-

ference champion traditionally

acts as host. But Auburn, which

is rolling along in first place and

undefeated, is ineligible for post-

season play this year.

If Mississippi can get by Ten-

nessee this week, Ol' Miss prob-

ably will cement second place and

wind up in the Cotton Bowl, with

either Tennessee or Vanderbilt,

whichever wins their game Nov. 30

— going to the Cotton Bowl.

Orange — Oklahoma already has

one spot taken care of. The Atlan-

tic Coast Conference supplies the

other outfit and all Duke has to

do to win the title is beat Clem-

son this week, or falling that —

North Carolina next week. The

Blue Devils tied Navy 6-6 last

week.
